

# East of England Environment Index Results Score Bands

The Business in the Community Environment Index is the UK's leading self-assessed corporate environmental benchmarking tool. It enables organisations to measure their impact on the environment and compare performance.

The East of England Environment Index is part of the Business in the Community Environment Index and is open to organisations of all sizes with headquarters or a significant presence in the East of England and is sponsored by the East of England Development Agency, which helps organisations identify more efficient ways of managing their resources.

Companies are listed in alphabetical order within the banding groups.
