CIL RECEIPT ALLOCATIONS

The CIL receipts are allocated as follows.

- **Admin CIL** – Up to 5% of the CIL receipts are retained by the District Council towards administration of the CIL service. If the 5% collected exceeds the expenditure for running the CIL service, the remaining funds are saved in the Strategic Infrastructure Fund.
- **Neighbourhood CIL** - 15% or 25% (depending on whether the parish have a made Neighbourhood Plan) will be passed to the parish or town council where the development is taking place. The parish or town council will decide how to spend this part of the levy. Annual Financial Reports on CIL for each parish or town council receiving CIL are published on the town or parish councils' own websites.
- **REG 59F Parish Meetings** – These funds are Neighbourhood CIL payments which are held by the District Council on behalf of a parish where the parish do not operate a banking account. These funds are then spent by the District Council on behalf of the parish on infrastructure projects the parish request.
- **Strategic Infrastructure Fund** - 20% of all CIL collected (after the 5% Admin charge and the Parish apportionment has been deducted) is saved in a separate funding pot for Strategic Infrastructure expenditure. The projects which can be funded with the Strategic Fund are defined in the approved CIL expenditure framework.
- **Ringfenced Fund** - Infrastructure for new housing growth (which is classed as developments over ten dwellings) is prioritised in the CIL Expenditure Framework and the CIL monies collected against such schemes are saved in a separate fund in order that these monies are available for infrastructure for areas that these housing projects affect. This portion of the CIL receipts amount to the remaining 80% of the collected funds (after the 5% Admin charge and the Parish apportionment has been deducted)
- **Local Infrastructure Fund** - The 80% of collected funds (after the 5% Admin charge and the Parish apportionment has been deducted) are allocated to the Local Infrastructure Fund (apart from the 80% for the Ringfenced applications) This Local Infrastructure Fund (definition in the CIL Expenditure Framework) holds the “available funds” (together with the Strategic and Ringfenced funds) that CIL Bids will be spent against. CIL bids are received each year during the months of April and October. Bid enquiry forms can be completed and sent to the Infrastructure team throughout the year, to discuss possible CIL bids.

The breakdown of the CIL receipt allocations in 20/21 are as follows.
